

Music

Our main aim is to encourage an enjoyment of music. Children participate in a range of activities including: singing, playing instruments, and Composition activities. All pupils are encouraged to play a pitched instrument—ocarina or recorder—by the time they leave school.

As well as learning to evaluate their own compositions, children are given opportunities to listen to music from different cultures and participate in multi-culture school events e.g. African Drumming. In Year 6 the children learn about Jamaica and play the steel pans.
